**PARENT INFO NIGHT**  
24th Oct at 5:30pm

Our club is a volunteer organisation and relies on parents and members. Your involvement in the club is both encouraged and greatly appreciated.

Parents are invited and encouraged to share the nipper experiences with their kids, so come along to the info night to find out what goes on each week so together we can encourage all our kids to do their best and develop to their full potential, whilst we all learn new skills and having fun.

We always need helpers and there are many jobs to do from helping to set up of the beach through to assisting Age Group Managers, to helping with fundraising events or if your able jumping in and doing water safety.

The SLSA Age Manager Course is for every parent who wants to work on the beach with their kids as an Age Manager or Age Assistant. This includes those who are brand new, have been here for a while or maybe have their Bronze Medal. To become an Age Manager you need to have an SLSA Age Manager Certificate. That's what this Course will provide you.

### What is an Age Manager?

Age managers work with nippers between the ages of 6 and 13, to develop their surf lifesaving and sport skills, by providing fun, safe and organised nipper activities.

### Age managers are:

- responsible for the overall safety and wellbeing of their age group
- responsible for facilitating the development of surf lifesaving skills, e.g., movement and surf awareness skills
- responsible for facilitating the development of personal skills, e.g., confidence, teamwork, leadership
- take time to plan, prepare and deliver lessons to their age group
