The cap and Hi-Vis rashie are mandatory for safety purposes, if your child requires new rashie or cap these will be available for purchase at the Preliminary Skills Evaluation sessions, and at the first Nipper sessions of the season.

We also have North Cronulla swimwear and other apparel items for purchase. NORTH CRONULLA SURF LIFE SAVING CLUBHOUSE AND BEACH

The redevelopment of the North Cronulla SLS Clubhouse is making progress with major building milestones achieved in recent months. The NCSLSC Board of Directors are working closely with the developers for the final push to complete the new building works and be able to take occupancy of some parts of the clubhouse by the end of 2023. We are all looking forward to moving back into a shiny new clubhouse with state-of-the-art facilities, like a refurbished 25m heated swimming pool and a brand-new Nipper & Training room complete with new BBQ and Bar facilities overlooking the pool. You can keep up to date with the progress of the clubhouse redevelopment on the NCSLSC website: www.northcronullaslsc.com.au/surf-club-redevelopment.

Whilst the building works are still ongoing, we will continue to muster in Dunnigham park prior to the start of our regular Nippers sessions, as per last season's arrangements.

We are blessed to have our beautiful beach in great condition with plenty of sand and some favourable surf banks at the moment. Surf and beach conditions can change rapidly though, and we will be sure to communicate as soon as possible of any changes to the Nipper schedule or location if conditions require it.

NORTH CRONULLA SLSC JUNIOR ACTIVITIES (NIPPERS) SEASON 2023/24 WELCOME & INFORMATION PACK

During the summer season, North Cronulla beachfront can become rather busy, so please factor in extra time required to find parking spaces on Sundays prior to Nippers

(Tip: get down to the beach nice and early for a pre-nippers swim and coffee, then lend a hand with the beach setup...finding a car spot is much easier at this time of the morning 😊)

A lot of the car spaces around North Cronulla are also timed spots (usually 2 or 3hr limits), so please check signage when parking.

SETUP AND PACKUP DUTIES

Each Age Group from U8 – U14's is assigned Setup and Packup duties twice throughout the season. Your age group's assigned date for setup and packup duties is noted on the Season Calendar, and on the Duty Roster & Instructions attached to the Welcome Pack. All parents from the Age Group are expected to pitch in and help with the setup and packup duties when it is your group's turn...many hands make light work is always true. Your Squad Leader and the Beach Setup Coordinator will always be on hand to help direct what needs to be done in setting up and packing down the beach each week.

NIPPER ACTIVITIES

Activities conducted in open water (surf beaches) are an inherent part of Nippers for developing skills on the way to becoming a Surf Lifesaver. It is important to keep in mind that Nippers is not a 'learn-to-swim' activity. An age-appropriate level of water competence and confidence will help your child get the most out of Nippers. North Cronulla SLSC applies the Surf Lifesaving NSW evaluation requirements. The evaluation is an essential part of managing appropriate supervision and safety for open water activities.

The Water Skills Evaluation has two levels; the first being Preliminary Skills Evaluation, which is a compulsory assessment for every Nipper to baseline their individual confidence and competence across a range of activities in the water. A Nipper may be unable to participate in some water activities until all elements of the Preliminary Evaluation have been successfully completed. The second Water Skills Evaluation level is Competition Evaluation, successful completion of the Competition Evaluation is a SLSNSW requirement for entry in Branch and State carnival competitions.

Details of the Preliminary Skills Evaluation and Competition Evaluation requirements for North Cronulla SLSC Nippers are outlined below:

Preliminary Skills Evaluations

Preliminary Skills Evaluation will be conducted in a swimming pool or other enclosed water environment (goggles may be worn). The swimming component of the Evaluation must be completed with continuous swimming, a break in swimming will see the Evaluation recorded as incomplete. There may be a break between each Evaluation element (flotation/submerging/swimming), however an inability to complete all the elements as a generally continuous activity may see the Evaluation recorded as incomplete.

Preliminary Skills Evaluations will take place at South Cronulla Pool Complex on the following dates:

- **Saturday, 23rd September, 12:30PM – 2:00PM**
- **Saturday, 14th October, 12:30PM – 2:00PM**

Additional evaluation: During regular Nipper sessions, U9-U14 age groups will undertake a supervised open water swim on a course decided by the Nippers Committee and Water Safety Coordinator, considering the age group and ocean conditions. Age Managers will use this evaluation to assist the assessment of individual confidence and competence for water activity safety requirements. Nippers are encouraged to wear goggles, and wetsuits are permitted, a high-vis Nippers rashie must be always worn during water activities.

Competition Skills Evaluations

Competition Evaluation is an SLSA requirement to qualify for carnival entry, as per the table below. Nippers may wear goggles, and wetsuits are permitted during the evaluations; but note that in competition wetsuits are only allowed if water temperature is below 16 degrees.

GETTING INVOLVED WITH YOUR CLUB AND NIPPERS

North Cronulla Nippers is a community led activity that cannot exist without everyone being involved and helping out. Here are some of the opportunities we have that will assist us in providing your children a rewarding and enjoyable Nipper experience:

Water Safety: is an important way to get involved. Our awesome Water Safety Personnel in the Orange Rashies are there to ensure our Nippers safety and wellbeing when in the water. The Water Safety crew are also key in giving our children confidence whilst training and competing. If you are interested in volunteering for water safety, please email our Nipper Secretary, **Ross McCrone:** rmccrone@ncslsc.com.au for further information including how to obtain the required SLS Bronze Medallion or SRC.

IRB: If you already have your Bronze Medallion, please consider signing up to become an IRB crew, or even driver! A fully manned IRB is a requirement to run Nippers each weekend, and without IRB crew and drivers in the Nipper section we will not be able to function. Please email Ross, rmccrone@ncslsc.com.au for more details on how you can join the IRB crew.

Carnival Officiating: Officiating is a great opportunity to be up close to all the action at carnivals. If you would like to become an official, please contact our Officials Coordinator Wil Walles wilgricw@gmail.com for further information.

Squad Leaders/Parent Helper: We are always in need of parents to become Squad Leaders and assist in managing our individual Nipper Age Groups. We have senior Nipper Squad Leaders and experienced Nipper Committee members that will guide and mentor you to become a great squad leader or parent helper. It is a highly rewarding experience and one we suggest you strongly consider.

Please note, if you want to be involved as a parent with the kids on the beach you will need to enrol and complete the Age Managers online course on the SLS Portal, which is simple and easy to do:

Nipper Committee: North Cronulla Nippers is lucky to have a fantastic, supportive, and diverse committee that all work together to ensure our Nippers are being educated and trained in the best possible way about Surf Lifesaving Skills, all whilst having great fun and making new friends. We always have opportunities for you to join the committee in areas such as sponsorship, marketing, equipment, apparel, management, finance, and all different types of other facets to help us deliver a great Nipper experience.
