2nd May 2024

Dear Members of North Cronulla Surf Life Saving Club,

The Club is disappointed that construction of Project Phoenix has stalled, due to the contractor unexpectedly stopping works in late January. We are now working to secure a new contractor to restart construction of the project as soon as possible.

We are incredibly grateful for the past and current support of the Sutherland Shire Council, NSW State and Federal Governments and their continued support and commitment to revitalise our treasured Clubhouse, which holds a special place in Sutherland Shire's history and provides a vital volunteer service in our local community.

I would also like to acknowledge the past and current support and commitment of the Feros Group who are continuing to work with and support us whilst we complete this fantastic project.

It is also important that I thank our club members and local community for their continued support, patience and understanding as we get this project back on track.

I will provide updates as we progress.

I remind all members, that if you have any questions regarding the project to make contact directly with myself

Regards

Geoff Budd  
President
