1st May 2024

Dear Members of North Cronulla Surf Life Saving Club,

I would like to thank all members of North Cronulla SLSC for a very successful season under extreme adversity.

“No Lives Lost on North Cronulla Beach” is a testament to all of our volunteer members, this is due to your vigilance and service. Our members again during times of challenging conditions provided an excellent Volunteer Life Saving Service. You should all be very proud of this achievement.

Congratulations also needs to be recognised for the outstanding efforts and results of the North Cronulla Touring Team who attended the recent Australian Titles on the Sunshine Coast. To finish in 6th Place is a sensational result and shows the character of our Membership. This result would not have occurred without the efforts of our Competitors, Officials and Club Supporters. To have over 200 people attend the Sunday night function shows the camaraderie and spirit within the ranks of our great club.

When reflecting on the above achievements, all of our members should be proud of their efforts and loyalty over the past few seasons, without a club house has been challenging, but the North Cronulla spirit and character only gets stronger at times of hardship. When we continue to work together, we can achieve great success. Whilst without a building we still have a strong “club” which is made of you the loyal members.

I thank you all for your efforts and support over the past season, we will prevail.

Regards

Geoff Budd
President
