Issue 6 2016

28 October 2016

brrrrr ...

A little windy at Kurnell last week wasn't it?

Wetsuits were defiantly the swimwear of choice - so exciting to see so many nippers jump in and give it a go despite the chilly winds & cold water!

Back to our beach this week to practise what we learnt from our fantastic educators last week. See you on the beach :)

U14 WATER SAFETY REQUIRED

We are heading out again! If you would like to join us on 11 Dec let me know, but be quick spaces are limited.

monika.dimaio@det.nsw.edu.au

This fantastic program can not run without the amazing water safety volunteers. Water safety hours go toward your patrol and Youth Engagement Program hours.

After a morning of water safety, you will have free entry into the water park.

It is a really good day and a great way to volunteer your time to a worthwhile cause. If interested email me on or let me know when you see me around the club.

The club, which was the first of its kind in Australia, was set up to give kids in Western Sydney (Australia's leading coastal drowning blackspot) a genuine nippers experience teaching them vital surf safety skills and education in a fun, supervised environment.
